YOU MAKE A DIFFERENCE

MERCY HOSPITAL FOUNDATION 2011 REPORT TO THE COMMUNITY
Gifts to the Mercy Hospital Foundation have allowed Mercy's Art Program to continue and flourish. The acquisition of new pieces helps to make Mercy a healing and comforting environment for patients, loved ones, employees and all those who spend time in the hospital. During 2011 the Foundation acquired ten new pieces that hang in patient areas on the fourth floor, the emergency room, and highly traveled corridors in the center and north sides of the building. Works were purchased in memory of Sister Nora Welter who worked at Mercy for many years, in honor or memory of several physicians, and in honor of the Mercy Hospital Guild.

The gift of art is something that everyone can enjoy.

Above is “Flora,” a foil print by Diolanda Barrera that hangs in the main lobby of the hospital honoring the 50th anniversary of the Mercy Hospital Guild.
YOUR GIFTS TO THE MERCY HOSPITAL FOUNDATION MAKE A VERY REAL DIFFERENCE AND WE THANK YOU.

Through your gifts you support the mission of Mercy Iowa City: to heal and comfort the sick and improve the health of the community in the spirit of Jesus Christ and the Catholic tradition of the Sisters of Mercy. Over the years your gifts and those of many others have helped to expand the hospital and its services, purchase significant capital equipment, enhance patient care, and provide advanced education opportunities to hundreds of employees and area college students. Moreover, gifts have helped beautify the hospital and provided education for patients and community members. Your support allowed the Mercy Foundation to give $625,000 to the hospital in 2011. Becky Halsch, MS, Clinic Director for Mercy Services, said it very well:

“The reason that I give to the Mercy Foundation is because I know that donations received are used in ways that are consistent with Mercy’s mission and values. The Foundation generously supports the purchase of state-of-the-art medical equipment, helps to offer educational programs and assures that patient rooms and waiting areas are soothing and comforting. I am especially passionate about the Hospice inpatient unit and am proud of the fact that we have this service to offer to those needing end-of-life care. Hospital staff, patients and members of the community are all benefactors of these endeavors and I truly feel the quality of care received by our patients is directly related to the presence of our Foundation.”

Your gifts to the Mercy Hospital Foundation in 2011 did many things. Some of them are detailed in this report. We hope you will enjoy reading about them and the words of a few people who benefited directly from your gifts.

Now in Mercy’s 138th year of service, the mission of Mercy Hospital Foundation remains unchanged: to support the hospital in its work to heal and comfort the sick and improve the health of the community. Your gifts have made a lasting and transformative impact on real people and real lives through your personal philanthropy.

We appreciate your confidence in Mercy Hospital Foundation. Thank you for your many gifts.

FOUNDATION STAFF
Margaret N. Reese, President
Becky Kriz, Development Assistant
Michelle Marks, Administrative Assistant to the President
“I spent my entire professional career at Mercy,” Roger says. As one of Mercy’s first specialists following in the pioneering footsteps of Drs. Steindler, Scanlon, Wise and Shrock, Roger played an important role in Mercy’s growth and development over the years. He served on the hospital board, as president of the medical staff and on the Mercy Hospital Foundation board, while his wife, Mary, volunteered with patients.

During his career, Roger saw how Mercy’s growth and ongoing facility improvements made a positive impact on patients. He and Mary wanted to “continue what had been started” and in 1992, they established a charitable remainder trust that would pay them a monthly income during their lifetimes, with the remainder going to Mercy following their deaths. In 2011, Roger and Mary realized they no longer needed the income from the trust. They saw this as a wonderful opportunity to benefit Mercy immediately. Their gift will support Mercy’s current facility renovation project to convert many inpatient areas to single-patient rooms. While Roger experienced Mercy as a physician, Mary has experienced Mercy as a patient in recent years. She understands firsthand how important single-patient rooms will be, and Roger has advocated for single patient rooms for many years.

After all that Mercy has meant to them, Roger says, “Giving back is the right thing to do. We hope our gift will stimulate others to give.”
McAuley Legacy Society

McAuley Legacy Society donors have remembered Mercy or made known their intention to leave a gift through their estate. This allows us to direct future gifts to areas that are meaningful to the donor. If you are considering leaving an estate or other planned gift to the Foundation, please let us know so that we may work with you to direct your gift to the area(s) you wish to support. To learn more about planned giving, visit our website at www.mercyic.org/Mercy Foundation or Leave a Legacy at www.leavealegacyiowa.org.

**2011 Honor Roll**

All gifts made to Mercy Iowa City through the Foundation are greatly appreciated and help fulfill Mercy’s mission to heal and comfort the sick and improve the health of the community. We appreciate the commitment of all who made gifts in support of Mercy programs and services during the 2011 calendar year. Contributions are recognized at the level of their cumulative giving for the year. Names that are in bold represent members of the Mercy Legacy Club who have given $1,000 or more in 2011, have cumulative giving of at least $10,000, and/or have made plans for an estate gift to benefit Mercy.

Are You Ready for Some Football?

During its 2011 football season, the Clear Creek Amana Clippers did more than win games. Together with a group of dedicated parents and an energized community, they raised money to support cancer services at Mercy and The University of Iowa. Through a variety of creative methods including pink jerseys that were donated by alumnus and actor Ashton Kutcher and later auctioned, they raised almost $10,000. This was divided equally between the two hospitals and presented to Nancy Hoffman, Manager, Iowa City Cancer Treatment Center, at their September 30 game. The funds will be used to support patient care and education in Mercy’s Cancer Program, accredited since 1992 by the Commission on Cancer of the American College of Surgeons as a provider of high-quality cancer care. Only one in four hospitals treating cancer receives this special approval which recognizes Mercy’s comprehensive patient care. Gifts to the cancer care program support an approach that meets medical, physical, emotional, psychological, and spiritual needs with compassionate and personal care provided by a team of highly skilled physicians and health care professionals.

Because of your gifts, the Mercy Hospital Foundation is able to support Mercy in many ways as it comforts the sick and meets community needs. One very significant way is supporting Mercy Hospice Care, located in an area of the hospital that was previously the Sisters of Mercy Convent. Converted to an inpatient hospice area for patients at the end of life, it has served more than 500 patients since its opening in April 2009.

In May 2011 the Foundation completed a $1 million pledge to that unit, made possible by the generous support of many of you throughout Mercy’s service area. Although that pledge has been met, there are ongoing needs. We are now building an endowment for Mercy Hospice Care that will support its services into the future. Gifts will be permanently invested so that a portion of the income earned each year will support the services provided to patients and families served by Mercy Hospice Care.

Margaret Reese, President of Mercy Hospital Foundation, and Ronald R. Reed, President and CEO of Mercy Iowa City, celebrate the completion of a $1 million pledge to Mercy Hospice Care. Individual donors and memorials of $1,000 or more and individuals honored with memorial gifts supporting Mercy Hospice Care are recognized on the donor wall in the foyer of the hospice space.

Giving to Mercy

The act of giving is deeply personal, and each contribution to the Mercy Hospital Foundation is received with gratitude and appreciation. The Mercy Hospital Foundation is Mercy Iowa City’s preferred channel for private gifts. It offers a variety of ways to contribute, assisting you in achieving your personal financial goals while helping Mercy achieve its mission of healing and comforting the sick and improving the health of the community in the spirit of Jesus Christ and the Catholic tradition of the Sisters of Mercy.

Cash Gift

The simplest method of providing support for Mercy is a cash gift. These gifts may be made with a personal check, credit card authorization or online by clicking “Donate Now” at www.mercyic.org/MercyFoundation.

Annual Support

Annual support at every level is deeply appreciated and crucial to maintaining the quality of our programs and services. If you wish, you may set up a pledge or direct debit plan to give monthly, quarterly or annually. Please indicate your preferences on the enclosed contribution form.

Planned and Major Gifts

Long-range estate and financial planning allows you to make a substantial contribution to Mercy while benefiting your personal financial plans. Bequests, retirement assets, gifts of life insurance and appreciated securities are among the deferred giving options that we would be happy to discuss with you. For more information, please check the appropriate box on the enclosed envelope or contact the Foundation office at any time.

Honorary or Memorial Gifts

An honorary or memorial gift is a thoughtful and meaningful way to recognize a colleague, friend or relative. The Foundation will notify the honoree or next-of-kin that you have made a gift. The person being honored or memorialized is recognized in the Foundation’s annual Report to the Community.

Honoring Mercy Caregivers

Honoring Mercy caregivers with a donation through the Foundation is a meaningful way to recognize the extraordinary care you or a loved one received from the staff at Mercy. Upon receipt of your gift, the Foundation will send a card to the healthcare professional(s) you wish to honor to let them know of your thoughtfulness.

Matching Gifts

Many contributors multiply their support to the Foundation by making use of their employers’ matching gift programs. Mercy is grateful to these companies and foundations for their generosity. We urge you to ask if your employer offers such a program. Please see your employer’s Human Resources Director for the necessary form to send with your gift.

Areas of Support

You may choose to direct your gift to any of the following areas. If you have additional interests or questions, please contact us for more information:

Area of Greatest Need

Many donors choose not to direct their gifts to any particular area, making them available for discretionary use in the area of greatest need.
Arts Program
The arts in all their forms are powerful. They have the ability to divert our attention, provide relief, lift our hearts, energize spirits and restore a sense of balance. The Mercy Arts Program aims to do all these things. Through the visual arts, it strives to create a healing environment for patients, family members, visitors and Mercy staff. Mercy’s visual arts collection continues to grow through generous donations that allow new acquisitions each year.

Endowment Fund
Gifts and bequests are often received with the stipulation that the principal be maintained and invested to create ongoing income for a specific purpose. Mercy has created permanently endowed funds to benefit hospice care, mental health services, nursing scholarships, and equipment and facility needs of the hospital. A portion of the income earned each year provides a reliable income stream to support these areas. Additional gifts may be added to these funds at any time, and you may wish to create a new endowed fund for a specific purpose. By creating or contributing to a permanently endowed fund, you will leave a lasting legacy to support Mercy’s mission and services into the future.

Equipment and Facilities
Gifts and bequests are often received to support the capital needs of specific areas of the hospital such as cardiac, cancer, surgery, education and more. Naming opportunities exist for facility expansion and remodeling projects.

Health Careers Scholarships
Thanks to the generosity of Mercy employees, the Mercy Hospital Guild and others, Health Careers Scholarships are awarded to high school seniors who are graduating from schools in Mercy’s ten-county service area and planning to pursue a career in the health sciences. The students who are selected receive $1,000 tuition awards that are renewable for up to four years.

Nursing Education Fund
The Nursing Education Fund is a permanently endowed fund that awards semi-annual grants to Mercy nursing staff members for their continued education. Each year a portion of the investment income, along with supplemental funds from the Mercy Hospital Foundation, is used in this manner. In addition, you may wish to do what other families have done—honor loved ones with a permanently endowed nursing award in their name.

To Make Your Gift
To help support Mercy’s mission, please send your gift, payable to Mercy Hospital Foundation, with your completed contribution form in the enclosed business return envelope. You may also make your gifts online at www.mercyic.org/MercyFoundation. Click on “Donate Now.”

Recognition
Cumulative gifts of $1,000 or more to Mercy Hospice Care are recognized on a donor wall in the hospice area. Estate gifts and cumulative gifts of $5,000 or more to any area or combination of areas are recognized on the main donor wall in the hospital lobby near the skywalk entrance. All donors are acknowledged in the Foundation’s annual Report to the Community.

For more information contact:
Margaret N. Reese, President
319-358-2622 or margaret.reese@mercyic.org

Thank you!
Health Careers Scholarships Help Future

The Health Careers Scholarship program at Mercy is now nine years old. During that time 90 scholarships, renewable for up to four years, have been awarded to high school seniors graduating from schools in Mercy’s ten-county service area who intend to major in a health career in college. These awards are made possible through the generous gifts of many Mercy employees, the Mercy Hospital Guild and others who help support and inspire these young people each year. Their generous gifts help to make higher education a reality for the next generation. Amanda Hanson has received a Health Careers Scholarship for the last four years and will graduate with a BSN from Coe College in May 2012. She said, “The Mercy Health Careers Scholarship that I received after graduating from Highland High School in 2008 was a blessing! Along with receiving this scholarship from Mercy, I also worked as a Student Nurse Technician at Mercy Hospital and have been so thankful for that opportunity. Mercy has not only helped me fund my college education, but also brought me great experiences and even a best friend that I met at the awards ceremony in 2008. She and I have been roommates for three years and both will be graduating in May with our BSN. The Mercy Health Careers Scholarship really got me excited for all the opportunities in a health career and opened my eyes to the possibilities before me. Thank you so much for assisting me with my education these past four years at Coe College.”
Health Career Scholarship Recipients: 2011

Health Career Scholarships are awarded each year to students graduating from a school in Mercy’s ten-county service area who intend to major in a health career in college. Awards are renewable for up to four years. The individuals below received awards in 2011.

Megan Adam – Regina High School
Kelly Bream – Clear Creek Amana High School
Bethany Carney – Williamsburg High School
Yenna Chin – West High School
Katelyn Comer – Lone Tree High School
Nichole Engelhardt – West High School
Jenny Freel – Washington High School
Amanda Gillispie – West High School
Kayley Hakeman – Williamsburg High School
Amanda Hanson – Highland High School
Hannah Heitshusen – Williamsburg High School
Clarissa Hubbard – City High School
Mollie Kleopfer – Highland High School
Kayci McChristy – Regina High School
Sarah McWilliams – Regina High School
Matthew Miller – Mid Prairie High School
Danijel Pejkanovic – Mid Prairie High School
Patrick Porter – City High School
Jessica Putnam – Lone Tree High School
Diana Rice – Mid Prairie High School
Hayley Sieren – Clear Creek Amana
Evan Smith – West High School
Jessica Stahl – Williamsburg High School
Sara Stewart – West High School
Maggie Stueland – Tipton High School
Vi Tran-Phan – West High School
Samantha Troyer – Mid Prairie High School
Amanda Ulin – Solon High School
Taylor Van Scoyoc – West High School
Grace Winstead – West High School

Healthcare Professionals

The 2011 Health Careers Scholarship recipients are pictured with Mercy staff. From left to right: Margaret N. Reese – Mercy Hospital Foundation President; Andrea Meyer – Clinical Relations Coordinator; Kayci McChristy – Regina High School; Danijel Pejkanovic – Mid-Prairie High School; Taylor Van Scoyoc – Solon High School; Katelyn Comer – Lone Tree High School; Amanda Gillispie – West High School; Evan Smith – West High School; Hayley Sieren – Mid-Prairie High School; Hannah Heitshusen – Williamsburg High School; Cindy Penney – Vice President of Nursing; Jessica Stahl – Williamsburg High School
Hundreds of nursing scholarships have been awarded over the years to help Mercy staff enhance their knowledge and skills through additional education. In 2011, 52 awards were made. Kathy Hotz, BSN, MSN, Nurse Manager of Mercy’s Emergency Care Department, is a recipient of several Foundation nursing scholarships. Kathy completed her BSN over a number of years while working full-time and raising three children. She said that in addition to the financial help the awards gave her, the funding inspired her to earn her MSN, which she completed in December 2011 after only two years.

Focus on leadership was the emphasis of Kathy’s MSN. “To keep up with the rapid changes in culture and the business of health care while serving a very diverse population across age, gender, and culture, the degree was extremely important,” says Kathy. She found ways to improve patient satisfaction scores in the ECU and keep them high through constant quality improvement using research methods she learned as a student. She also directed the effort to help Mercy achieve designation as a Chest Pain Center in December 2011, developed through evidence-based protocols with the goal of improving timelines to care and positive outcomes. Mercy’s Chest Pain Center is one of only six in the state and the only one in its ten-county service area. “Nurses go to school to learn to take care of patients, but today health care has changed so much that the business, regulatory and patient care aspects are all important. What we emphasize to our staff is, if it were you lying in that bed, what kind of care would you want?” Kathy went on to say, “It’s wonderful that the Mercy Foundation can offer funds to support staff education. The scholarships are easy to apply for and more and more donors contribute to them. It’s fantastic!”

Helping nurses to advance their educations was so important to Margaret G. Fox, a professor of physical education at The University of Iowa from 1949 to 1980, that she began making an annual gift to Mercy for a nursing scholarship to be made in her name. Maggie planned for this award to continue after her death by endowing this fund through her estate. That gift was received in June 2011 following Maggie’s death the year before. Multiple awards will be made in her name every year through the Margaret G. Fox, Ph.D. Nursing Scholarship. This gift was Maggie’s very special legacy to Mercy.
In 2011 the following employees received Nursing Education Scholarships to support their continuing professional education.
